

## CALL TO ARMS

*CAPT Chris Stephenson*  
**Captain**

### FINAL NOTICE

All right, guys, we have something big going on that I would like as many people involved with as possible. These are things that will put us more in the public eye, and as well enable us to do big things both for ourselves and for the community.

I have been asked by Michael Raia of the Boy Scouts of America to spearhead an effort to get as many Trek and other science-fiction individuals and groups involved in this years Boy Scout summer camp at Camp Lazarus, off of RT 23 North of Columbus. The theme this year is Space, and they are hoping to get John Glenn, Cosi, another astronaut, and other space related people to help out. More importantly, they need us, the ships and organizations of the Trek community, to throw our help in and make this event a vast success.

The catch, as there always is one, is that the camp will be taking place during the week, Monday through Thursday June 19-22nd, from 8am to 4:30pm. This, of course, is when most people are working. We don't expect anyone to be there for all four days, of course. One day would be a huge help. If there is anyway you can make it, it would be most appreciated and you and your vessel will be recognized.

Uniforms or some sort of costume is required for this. Any sci-fi costume is welcome. Lunch and drinks will be provided for everyone.

There will be newspaper and television coverage for this. This is a chance to really get ourselves out there and prove that we are still around and going strong. If you are connected or have contact information for any other organization please PLEASE pass this along to them. This is something we need to band together for and make this truly something to remember.

If there are any questions or anyone that would want to volunteer, please contact me directly at [critchstarblade@gmail.com](mailto:critchstarblade@gmail.com) .

**MORE CARDS!!!!**

Yes, I know everyone was wondering if we were ever going to get more cards and here they are! For your carding pleasure we have:

Card 36: The NX Robert S Lyon - another unique ship someone might care about!

Card 37: The unofficial mascot DATABIT—piece of shit publisher— who Babs has been waiting for forever!

Have fun and see you next month!
